We here at the Claridge want you to know how delighted we are with the spectacular outcome of our swimming pool. Your Company was the most knowledgeable firm on the internet that knew about steel swimming pools and galvanic corrosion.

We could not be more pleased with your expert workmanship and your AquaGuard Coatings. It has been over seven years now and the AquaGuard finish looks just as perfect as when you first applied it to our pool. To this day, we still get compliments from our guests on what an expertise look to our pool and how inviting the pool makes them feel. Your product and your skillful crew have given us many years of pleasure and enjoyment and we would highly promote your AquaGuard products.
